Our Lady Peace needs very little introduction. Making music together for over 10 years now, Our Lady Peace has surpassed Platinum sales status in Canada and have sold over 5 million albums worldwide. They have won four Juno awards, The Much Music Awards and have shared the stage with Jimmy Page, Robert Plant, The Rolling Stones, Van Halen, Faith No More, The Goo Goo Dolls, The Ramones, Stone Temple Pilots and Alanis Morissette.

When they take the stage at ***Oktoberfest Rocks The Tent***, Our Lady Peace will blend the best of rock’n’roll with the ‘Ultimate Kitchener-Waterloo Oktoberfest Experience.’ The evening event will also include a performance by festival favourite The Black Forest Band on

a second stage, as well as all the festhellen staples that festival-goers come to expect from Canada's Greatest Bavarian Festival.

illScarlett's hardcore DIY ethic worked as an effective tool to get the band noticed from the get go. Using old school methods (tirelessly touring) and new technologies (MySpace, YouTube, facebook etc.) to initiate the groundswell illScarlett manufactured a solid fan base. The story goes that a few years ago, they pulled into the Van's Warped Tour parking lot, fired up a generator and started playing for the people lined up for the concert with the hopes of selling some of the bands independent, self financed EP's . This got the attention of Warped founder Kevin Lyman, who invited them to play his nightly post-show party. They killed it, have been guests of the warped tour ever since and we'd like to say 'the rest is history'.

"We are super pumped to be part of Oktoberfest once again," said band member Swav Pior. "Last time was we didn't know what to expect. Now that we're trained and ready, we'll be taking this party to the next level!"
